INTRODUCTION
AND
GENERAL INDEX

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1958 edition of the Morehead City-Beaufort City Directory, which also includes Atlantic Beach and the rural routes emanating from the Morehead City and Beaufort Post Offices.

This is the first Hill Directory of Morehead City-Beaufort, and is completely standarized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Morehead City-Beaufort's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Morehead City-Beaufort to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the results of their labors will meet with the approval of every user, and that the Morehead City-Beaufort Directory will fulfill its mission as a source of authentic information pertaining to the community.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE YELLOW PAGES constitute the first major department of the Directory. This ambraces a complete list of the names and addresses of the business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. Preceding this catalog, likewise grouped under appropriate headings, are the advertisements and business cards of firms and individuals desiring to present a more complete list of their products or services than is possible in the catalog itself. The Yellow Pages represent reference advertising at its best, and merit the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Morehead City-Beaufort, the

79376

necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Morehead City-Beaufort, and on the Morehead City-Beaufort rural routes, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on green paper, is the third major department. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the desination of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY, on blue paper, is the fourth major department.

Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Driectory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Smithfield and vicinity.

The Morehead City-Beaufort Directory Library

Through the courtesy of the publishers of the Morehead-Beaufort City Directory, a Directory Library is maintained in the offices of the Morehead City Chamber ber of Commerce, for free reference by the general public. This is one of more than 700 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

MOREHEAD CITY

Port of Progress

Statistical Review

Form of Government: Mayor and five Town Commissioners; Incorporated as town, 1858.

Population: Last official U. S. Census report (1950) 5,144; local estimate at present, 7,200. Total colored population, 12%. American - born population is 95% of the whole. Predominating nationalities of foreign-born residents, very few in all.

Area: 1.82 square miles.

Altitude: 11 feet above sea level.

Climate: Mean annual temperature: 63.1 degrees F.; average annual rainfall: 54.77 inches.

Parks: 1 with total acreage of 4 acres, with land being loaned by the State.

Assessed Valuation: $10,529,521.00, with $1.75 per $100.00 tax rate.

Financial Data: 2 banks.

Postal Receipts: $80,000.00 for year ended Dec. 31, 1956.

Churches: 15, representing 11 denominations.

Industry: Chief industries of the city and surrounding territory: commercial fishing, garment manufacture, asphalt roofing and shingles, lumber mills, boat building. Number of manufacturing establishments: 11, employing 520 men and 250 women. Principal manufactured products: garments, asphalt products, boats, fish oils and scrap, lumber products.

Trade Area: Retail area has radius of 25 miles, and population of 40,000. Wholesale area has radius of 45 miles, and population of 60,000.

Newspapers: semi-weekly, one.

Radio Broadcasting Stations: WMBL and WBMA.

Hotels: 6, with total of 300 rooms. Newest hotel opened in 1957.

Railroads: City served by 2 railroads, as follows: Atlantic & East Carolina; Morehead City-Beaufort R.R.

Bus Lines: City served by one intra-city bus line, as follows: Seashore Transportation Co.

Highways: The following highways run through, or to, the city: U. S. 70, N. C. 24 and N. C. 101.

Air Lines: City served by one air line, as follows: Piedmont Airlines.

Morehead City Port Docks

Morehead City Waterfront

Airports: one County Airport.

Automobile Registrations: 1,441.

Amusements: Largest auditorium in city seats 800 persons. Number of moving-picture theatres, 3. Number of golf courses in, or near, the city 1 - 18 hole. Other amusement features are: Little Theater Group, bathing, boating, fishing piers, riding stables, and hunting in season.

Hospitals: one, with total of 75 beds.

Education: Number of public schools, 8, with 6 senior high schools. Number of parochial schools, 1. Number of pupils in public schools, 5,720; in parochial schools, 42. Number of teachers in public schools, 207; in parochial schools, 3.

Public Libraries: one, with total of 10,356 volumes.

City Statistics: Total street mileage, 18.80. Miles of sewer, 24.5. Number of water meters, 1,852; light meters, 3,005; bottled gas. Capacity of water works, 94,600 gallons per hour, 16½ miles of mains. Fire department has 7 paid men, with 2 stations and 6 pieces of motor equipment. Value of fire department real estate and equipment, $120,000.00. Police department has 11 men, with one station and 2 pieces of motor equipment.

General Review

Morehead City is named for John Motley Morehead, Governor of North Carolina, 1841-1845, who firmly believed that this location had the potentialities of becoming one of the great Atlantic seaports. Gov. Morehead purchased 600 acres of land at the terminal of the railroad he had been instrumental in establishing in 1855. The town laid off in home sites had its streets named for directors of the original Shepard's Point Land Company. The peninsula was formerly known as Sheppard's Point. The town was chartered in 1858.

Morehead City's ocean port has the most complete facilities in the state and lies only 45 minutes from the sea lanes. The terminal is state owned and is one of the few state operated ports showing an individual profit. Morehead is bounded by the Newport River, Calico Creek and Bogue Sound and is 1 mile from the ocean and Atlantic Beach.

The city is stretched out on a three-mile-long peninsula which juts out into the Newport River and the Ocean Port Terminal.

On the water front is the finest Charter Fishing Fleet on the Atlantic Coast and world-famous sea-food restaurants. The Inland Water-way separates Morehead City and Atlantic Beach.

The Morehead City Country Club offers 18 of the finest holes for the occasional or serious golfer.

Morehead City Post Office

The Morehead City Municipal Building

Hotels, motels, tourist courts, trailer parks and a shopping center which is open six days a week offer diversification for the vacationist.

Although just one hundred years old, Morehead City has developed into one of the most active and progressive towns in the State. Known through the early years as a popular summer resort with it's wide expanse of ocean-side beach and resort attractions, it has taken on of late years a progress of commercial development.

To a large extent this recent growth has as come about as an outgrowth of a Port Terminal, conceived in the mind of the late John M. Morehead over one hundred years ago, offering advantages of ocean and inland water transportation, so essential to commercial life.

The close proximity to the sea-lane of ocean commerce and travel, only five miles from sea-lane to port, through a channel of sufficient depth, allow the largest ocean-going craft to enter the harbor. With combined rail, Highway and water shipping facilities, the location of Morehead City is ideal for industries served by such utilities.

Morehead City has grown from a small plot of land, purchased and opened up by Mr. Morehead as a town in the fall of 1857. Annexation of adjoining sections through the years has more than doubled the original site.

Home building has kept pace with the town's expansion, from the small attractive home of the average family to those of larger income. Added to the cost of the business and manufacturing structures, the average cost overall, over a period of eight years covers more than half a million dollars yearly. Development corporations, both within the city as well as nearby sections, announce an extensive program of building new homes to meet the steady demand of home-owners of all financial status.

It's midway location between the extreme north and the extreme south, gives the city and surrounding section a most equitable climate the year around. Ocean winds temper the heat of summer, the waters of the Gulf Stream a few miles off shore help to make the winters mild and of short duration.

No where along the Atlantic coast can the ocean beach, adjoining the city on the south, be excelled for the beauty of it's sand dunes and shore vegetation, it's safe bathing beach with no undertow.

History is written in the long stretch of Bogue Banks. Blackbeard the pirate is claimed to have visited Banks in his days of privateering. Some persons like to believe he hid much of his loot in the sands. Such is yet to be found, although many a searcher has spent hours digging for "pirate gold."

Upon the shores of the Banks has drifted the wreckage of boats and men of three wars, within a hundred years. The sound and outer ocean has given a lifelihood

to many through the years, either fishermen or whalers, from the early days of the county's settlement to present day. No better fishing grounds for pleasure or profit can be found along the Atlantic coast than off the shores of Carteret County.

Those seeking historical lore will be rewarded by a study of county history. Quakers played an important part in the early days of the county's settlement. From the outer world came settlers of various nationalties. Many came by ship through Old Topsail Inlet to land at Beaufort. Others treked their way along rough Indian trails from the colonies to the north. This mingling of personalities produced an heterogeneous group, out of which came the men and women who helped to establish the early settlements of the county.

Along with the varied commercial and economic life of the community the Christian and educational opportunities have not been overlooked. Such meet the demands of all faiths, while the educational advantages and social and civic organizations, furnish an opportunity for study and community betterment.

The spirit of that early pioneer, John M. Morehead, still carries on, and his dream of a busy port and a great industrial city is being realized.

Golf Course

The Morehead City Country Club, just a few miles from the City limits, offers outdoor recreation for the Golf enthusiast every month of the year. The beautiful 18-hole course overlooks the tidal Newport River, its greens and rolling fairways wind around tall stands of stately pines which offer shade and also protection from occassional gusty breezes. A new Club House and swimming pool will soon be under construction. New homes are springing up rapidly in the Country Club vicinity but there are still a few ideal homesites available either on the waterfront or the highway.

This is truly a golfers' paradise, no snow or ice, few hot days and no long rainy season. Bring your golf clubs along and try it out.

Fort Macon

Located at the eastern end of Bogue banks, overlooking the Beaufort (Topsail) Inlet, Fort Macon and the forts which preceeded it, have guarded the Ports of Morehead City and Beaufort two centuries. The present Fort was built in 1826 and completed in 1834. It is an outstanding example of military architecture and a monument to the craftsmanship of the brick-masons of the 19th century.

Stone jetties, designed by Robert E. Lee then a young Lieutenant, can be plainly seen jutting out into the ocean and sound where they have held back erosion since about 1842. Little did Lee dream that thousands of

tourist from all over the U. S. would fish from these solid barriers every year.

Taken over by the Confederate State at the beginning of the Civil War, Fort Macon was recaptured by Federal troops under Gen. J. G. Parke in 1862. The battle-scars still show on the masonry, in spite of attempts to hide them with patchwork.

About a mile west is the Fort Macon State Park Beach, a smooth white stretch of gleaming sand, surrounded by majestic dunes. The State provides a large parking area for cars, public bath houses, lifeguard service, also picnic tables and a large shelter for use in case af rain.

Atlantic Beach

Atlantic Beach, an incorporated town, is just across the bridge from Morehead City. This is the most developed spot on the twenty-two miles of matchless, east-west, beach on Bogue Banks. Even though this is one of the safest beaches on the coast ample and efficient lifeguard service is provided. The Marina's, launching ramps, bowling, pool, minature golf, kiddie rides and just about every kind of amusements line the boardwalk and it appraoches. Hotel, motels, lodges, restaurants and snack bars are convenient to the beach and the causeway. Two ocean fishing piers near the east end of the beach make fishing most convenient. On the Causeway there are two fishing piers which extend out over Bogue Sound for those who prefer fishing in the calmer waters. The beaches on the sound offer still water sports to the children, skiing to those who like the thrill and boating or sailing to all who like the water.

Pine Bluff Knolls

A new beach development has begun just west of Atlantic Beach, where about nine miles of the Hoffman Property (Theo. Roosevelt Estate) is to be offered as an exclusive resort area.

Beaufort

Across Newport River from Morehead City on Route 70 is Beaufort, the county seat of Carteret. Incorporated in 1723, Beaufort lived through Indian wars, the Spanish invasion of 1747 and other struggles that faced the young colonies.

Now Beaufort is a center for salt water industries, including shrimping and fishing. The menhaden fishing and processing business is one of the largest along the coast. The town's business section serves the fishing communities that dot the sound country east of Beaufort. Visitors from far inland come to Beaufort to see its many splendid examples of early American architecture.

One of the oldest cemeteries in the U. S. is located at Beaufort. Therein is buried Capt. Otway Burns, who

was a hero of the War of 1812, as captain of the Snap Dragon running the British blockade up and down the Atlantic coast. Naval and Army men of many nations lie buried under the ancient oaks in the cemetery. These include the British army officer of the late 1700's who was buried in a standing position, because he wanted to stand forever at attention.

BEAUFORT

Delightfully Different Town

Statistical Review

Form of Government: Commissioners. Incorporated as a town in 1723.

Population: Last official U. S. Census report 1950-3,212; local estimate at present, 3,512. White population of age: Males, 1032; females, 1122. Total colored population, 20%. Total number of males in city, 1561; females, 1651. American-born population is 89% of the whole. Predominating nationalities of foreign-born residents, Norweigan.

Area: 532 square miles.

Altitude: 10 feet above sea level.

Climate: Mean annual temperature, 64 degrees F.; average annual rainfall, 53.26 inches.

Assessed Valuation: $3,250,000.00, with 1.75 per $100 tax rate.

Bonded Debt: $361,000.00.

Financial Data: 1 bank with total deposits of $181,565,-203.06 on 29 June 1957; total resources of $206,331,-820.35 on 29 June 1957.

Churches: 11, representing 6 demoninations.

Industry: Chief industries of the city and surrounding territory, farming, fishing, ship building, lumbering, manufacturing. Number of manufacturing establishments, 10 employing 405 men and having products valued at $1,172,000.00 annually, as per report covering the year 1956. Principal manufactured products, fish nets, electrical appliances, chemicals and allied products, lumber, cat food, costume jewelry.

Trade Area: Retail area has radius of 67,000 sq. acres, and population of 13,876. Wholesale area has radius of 340,400 sq. acres and population of 25,417.

Newspapers: 1 Semi-weekly.

Radio Broadcasting Stations: WBMA and WMBL.

Hotels: 1, with total of 20 rooms. Newest hotel opened in 1957.

Railroads: City served by 2 railroads, as follows: (Local) B & M Railroad, Southern Railroad.

Bus Lines: City served by Sea Shore Bus Lines.

Highway: The following highways run through, or to, the city: 70, 101 runs to Beaufort.

Air Lines: City served by 1 air line, as follows: Piedmont.

Airports: 1 municipal.

Automobile Registrations: 500.

Amusements; Largest auditorium in city seats 800 persons. Number of moving-picture theatres, 1, with total seating capacity of 200 persons. Number of golf courses in, or near, the city, 1. Other amusement features; Launching ramp with adequate parking area.

Hospitals: 2, with total of 100 beds.

Education: Number of public schools, 1 senior high school. Number of pupils in public schools, 1200. Number of teachers in public schools, 30. Value of public school property, $750,000.

Public Libraries: 1 with total of 18,673 volumes.

City Statistics: Total street mileage, 7.54, with 4.30 miles paved and 3.24 miles under construction. Number of water meters, 1127; light meters, 1707. Capacity of water works; 100,000 gallons, with daily average pumpage of 148,870 gallons, 11 miles of mains. Fire department has 2 paid men, with 1 station and 6 pieces of motor equipment. Value of fire department real estate and equipment, $80,000.00. Police department has 4 men, with 1 station and 1 piece of motor equipment.

Delightfully Different Beaufort

The county seat of Carteret County is Beaufort, named for the Earl of Beaufort at its incorporation in 1723. Founded in part by French Hugenots and sturdy English sailors, Beaufort looks to the sea for its entertainment and its livelihood. Surrounded on three sides by water, this third oldest town in North Carolina (there'll be a big celebration in 1960, marking 250 years of growth) faces a limitless horizon. Walk along Beaufort's Front street (the gulls will be wheeling majestically overhead) and you will have a view across Beaufort inlet of Fort Macon, built in 1832. Look beyond Beaufort Inlet, and there is the Atlantic ocean. Stroll further down Front street and you will see homes of unexcelled beauty dating back to the late 1700's still lived in and cherished by their owners.

Beaufort is the hub of Carteret County activity. The productive tobacco farmers from the western part of the county also use Beaufort as their trading center.

In the center of Beaufort, facing Ann street, is the Historical Cemetery, resting place of North Carolinians or renown. Here lies Otway Burns, under a cannon from his privateer, "Snapdragon," which harassed the British

in the war of 1812. Here, too, is the grave of an unknown English seaman, who asked to be buried standing straight up—and he is! Tombstones in the Cemetery mark the passage of time since 1775. Stroll through this quiet, landscaped place and feel that you're surrounded by history.

Beaufort is the gate-way to a world which is timeless—The undiscovered "Down East!"

With all this we guarantee you'll come to Beaufort year after year, and find it unchanging in friendliness and beauty.

A STATEMENT

OF

ADVERTISING PRINCIPLES

1. **Good Advertising** — aims to inform the consumer and help him to buy more intelligently.

2. **Good Advertising** — tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.

3. **Good Advertising** — conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.

4. **Good Advertising** — recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

MAINTAINED TO ASSIST YOU . . .

A reference library of late
out-of-town city directories

THE PUBLISHERS of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:

CHAMBER OF COMMERCE

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them, to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Association of North American Directory Publishers

60 East 56th Street — New York 22, N. Y.

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight • Out of Mind

★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

CAUTION

Pay no money in advance to itinerant Directory Canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

The power of light to sell goods has been demonstrated time and time again in stores throughout the country. People will buy what they can see well . . . they will buy more freely in the atmosphere of a modernly lighted store . . . they will be more satisfied with their purchases. Light also can be used to call customers attention to certain goods through flood lighting or spotlighting, and its applications to the display of merchandise are almost endless.

The proper use of light is a powerful sales tool . . . a sales tool that you can use with profit in your business.

MAKE SURE YOU BUY A HEATING SYSTEM NOT JUST A FURNACE!

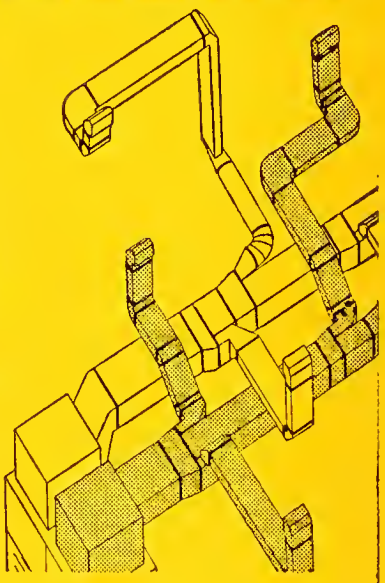

These three basement photographs show how a properly engineered heating system is streamlined to offer minimum friction to the high velocity flow of air. The main take-off (left), side take-off (center), and register take-off (right) are curved and banked like a streamlined highway.

The very best furnace, poorly installed, is like a car on a rocky road. It's a well-known fact that modern speed makes streamlined roads a must for motoring comfort.

With forced-air heating, the same is true. A new furnace can't produce comfort by itself. There must be streamlined highways of duct and pipe for the fast-moving air as it travels from your furnace to your rooms.

Your homes need a heating *system* designed by an expert comfort engineer. He'll choose the proper ducts and pipes, reduce air friction, to assure maximum comfort and economy.

For the best deal . . . get the best dealer . . . a WILLIAMSON dealer!

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

FAMILY AND FISHING PARTY RATES

U. S. Hwy. 70 West MOREHEAD CITY TEL. 6-3336

Home Loans — tailor-made to your individual need. experienced officers always available to help you work out a plan that makes home buying a pleasure instead of a headache.

Personal Loans—to pay taxes insurance, unusual medical and dental bills—to pay off accumulated small debts. Low rates. Confidential and prompt handling.

Car Loans — new and used cars financed at low bank rates. Insurance through your own agent may be included in monthly installments. No 'hidden' charges—no carrying charges.

34 SERVICES TO HELP YOU AT

COMMERCIAL NATIONAL BANK

MOREHEAD CITY, N. C. **Tel. 6-5131**

SEA LEVEL, N. C. **Tel. CA 5-3656**

CHECKS. Regular Checking Accounts, ThriftiCheck Accounts, Register Checks, Traveler's Checks, Cashier's Checks, Bank Money Orders and Drafts.

SAVINGS. Regular Savings Accounts, Children's Savings Accounts, Christmas Savings Accounts, Certificates of Deposit, U. S. Savings Bonds.

LOANS. Life Insurance Loans, Personal Loans, Business Loans, Auto Loans, FHA Loans, Appliance Loans, Collateral Loans, Commodity Loans, Home Improvement Loans, Mortgage Loans on Home and Business Property.

OTHER SERVICES. Safe Deposit Boxes, Day and Night Depository, Lobby Depository, Bank - by - Mail Service. Investment Service. Estate Management. Trust Services, Foreign Exchange, Agency and Custodian Accounts Credit Information. Collections. Letters of Credit. Wire Money Transfers.

Bank-by-Mail — time-saving service makes it easy to deposit money in checking and savings accounts, or payments on loans.

Christmas Club Account—primarily for Christmas gifts and holiday spending — but handy also for accumulating funds for insurance and taxes.

Savings Accounts—for sunny days as well as rainy days. No safer place for your money than at Midland — where its always available.

Business Loans—to carry inventories, receivables; pay labor costs; help remodel or expand—or to help start your own business.

Day-and-Night Depository — offering round-the-clock convenience. Open to deposits 24-hours—night or day—weekends or holidays.

Home Improvement Loans — to remodel, repair and otherwise increase the value of your property. Thirty - six months to pay.

U. S. POSTAL INFORMATION

POSTAGE RATES AND CLASSIFICATION

For information regarding classification, postage rates, and mailability of domestic mail of all classes, entry and mailing of publications as second-class matter, metered and permit mail, bulk rate mailings of third-class matter, Business Reply Cards and Envelopes, apply at your local post office.

DOMESTIC POSTAL RATES

First-Class

LETTERS: 3 cents for each ounce or fraction of an ounce. (Local delivery same rate.)

POST CARDS or POSTAL CARDS: 2 cents each within prescribed sizes.

BUSINESS REPLY CARDS: 4 cents.

MAIL ENCLOSED IN BUSINESS REPLY ENVELOPES: 3 cents per ounce, plus 2 cents per piece, collected when delivered.

Second-Class

NEWSPAPERS AND PERIODICALS (Transient rate): 2 cents for the first 2 ounces, and 1 cent for each addl-tional 2 ounces or fourth class rate, whichever is lower.

Third-Class

(Limit 8 ounces)—On circulars and other miscellaneous printed matter, also on merchandise, 2c for the first 2 ounces or fraction, plus 1c for each additional ounce or fraction.

On books and catalogs having 24 or more pages; also, seeds, cuttings, bulbs, roots, scions, and plants—2 cents for first 2 ounces and 1½ cents for each additional 2 ounces.

Bulk Rate

For Details Coesult Your Local Postmasler

Fourth-Class—(Parcel Post)

The present size and weight limits for fourth class (parcel post) will continue to apply in all cases except for parcels mailed at a first class office for delivery to another first class office in which case the size is limited to 72 inches length and girth, 40 pounds in weight to the local first and second zones, and 20 pounds in weight in the third to the eighth zones. Exceptions to the new size and weight restrictions are:

(1) Baby fowl, live plants, trees, shrubs, or agricultural commodities (not including manufactured products thereof).

(2) Books, permanently bound for preservation, consisting wholly of reading matter or reading matter with incidental blank spaces for students' notations and containing no advertising matter other than incidental announcements of books.

(3) Parcels mailed in the United States, including the District of Columbia, for delivery by any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, or mailed at any Army or Fleet post office or in any Territory or possession of the United States, including the Canal Zone and Trust Territory of the Pacific Islands, for delivery in the United States, including the District of Columbia, or any Army or Fleet post office or any Tarritory or possession thereof, including the Canal Zone and Trust Territory of the Pacific Islands.

It is not contemplated that the provisions of this law shall be evaded or circumvented by diverting parcels exceeding the prescribed limits of size and weight from first class offices and mailing the parcels at offices of the second, third or fourth class or on rural or star routes.

Zone	1st lb. (cents)	Additional lbs. (cents)

Showing to whom and when delivered 25

RESTRICTED DELIVERY

Applicable to registered mail, certified mail, and mail insured for more than $10.

Fee$0.50

AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of aender on all matter.

Prepay postage fully on all letters and parcels.

Always address mail for city delivery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as it is ready.

Use Postal Unit numbers on mail addressed to cities where Unit Numbers are required.

HILL'S MOREHEAD CITY-BEAUFORT

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including A Complete Street and Avenue Guide

1958

INCLUDING ATLANTIC BEACH

Copyright 1957, by Hill Directory Co., Inc.

In the following list the numbered streets are arranged in numerical order followed by the named streets in alphabetical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the streets are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol ◎ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.

This section includes some listings reading "No Return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telephone used when possible.

When You Want to Know:

--where a person lives.

--what his occupation is.

--who lives at a certain number on a street.

--where a street is located.

--the correct spelling of a name.

--the officers of a corporation.

--the partners in a firm.

In fact, the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.

--you can quickly find the answer in the City Directory.

HILL'S

Morehead City

Numerical Telephone Directory
